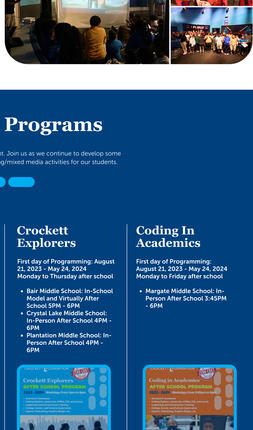
Crockett Explorers/CIA Students Soar to New Heights



This month our Crockett Explorers and Coding in Academics youth received a lesson at the speed of flight at the iFly Indoor Skydiving Field Trip. Throughout the day, a certified STEAM educator guided the Crockett Foundation participants through an immersive and innovative hands-on experience to learn how iFLY uses science, technology, engineering, arts, and math to design and operate their state-of-the-art vertical wind tunnels. Special thank you to the participating schools: Crystal Lake Middle, Plantation Middle, and Margate Middle.
